Enclosure dominates the Pennine landscape. Few Pennine parishes have escaped the hand of the encloser. This conference explores the complex motives behind enclosure, the dramatic effect it had on the landscape and the often surprising results of this great project. We also explore the lost landscapes and vanished livelihoods that were destroyed in the process.

Booking in advance is required. If you wish to reserve a place, please send a cheque, payable to Hebden Bridge Local History Society, together with your name, address, telephone number and email address (if available) to Rachel Smith, Bramble Dene, Moss Lane, Hebden Bridge, West Yorkshire HX7 7DS
